

FCC License Services

Never miss a Regulatory Deadline!

With over 45 years of experience, Comsearch is pleased to offer 2 types of FCC Regulatory Services

1. FCC License Management tracks your FCC license deadlines and lets you know when it's time to file updates. We file your updates for you, so you never miss a licensing deadline.

- Quarterly summary reports of license activity and deadlines with graphical dashboards.
- Quarterly full report in spreadsheet form with all call signs requiring your attention.
- Snapshots of upcoming 18 month outlook.
- Filing the following applications on your behalf, when requested:
 - Path buildout notifications
 - Call sign renewals, deletions, and cancellations
 - Administrative updates
- Access to our dedicated licensing group to address your questions—including help with expired, cancelled, and terminated licenses.

2. FCC License Monitoring is offered at a discounted price, tracks your FCC license deadlines and lets you know when it's time to file updates.

- Quarterly summary reports of license activity and deadlines with graphical dashboards.
- Quarterly full report in spreadsheet form with all call signs requiring your attention.
- Snapshots of upcoming 18 month outlook.
